

# The Pro-Life Starter Kit

*Recommended for Pro-Life Chapters Serious about Building a Culture of Life*

We have created the following resources to better serve your student leadership and Adult Advisors throughout the school year. Your new **Pro-Life Starter Kit** includes many thoughtful resources which other pro-life groups are using in order to increase membership and also to host meaningful pro-life meetings and events. The ultimate goal is to work together in UNITY in order to end abortion and euthanasia while building a Culture of Life throughout our great country.

- 1.) The **Pro-Life Chapter Guidelines**- a sensible chronological outline of possible pro-life events which will synergize the energies of your chapter with thousands of others across the nation
- 2.) The **Pro-Life Program Manual**- an extremely valuable detailed resource to schedule your calendar year with meaningful events and educational programs.
- 3.) The P.L.Y.C. Chapter **President's Gavel**-for the President to begin and end each meeting
- 4.) **Pro-Life Signs, Banners, and Flags**- to display at all meetings and events. These really add to the authenticity of your group and make you look very professional within the school or church
- 5.) **Precious Feet Pins**- for members. A reminder of the actual size of the little babies at the time of their demise. An excellent educational resource that tells the story.
- 6.) The book: **On Message**-communicating the pro-life message by Mark Crutcher. The perfect read as a Primer to the pro-life movement. A great starter on the apologetics of the pro-life Cause
- 7.) The book: **Ending Abortion** -not just fighting it by Fr. Frank Pavone. Taking it to the next level, Fr. Pavone outlines how your pro-life chapter can make a difference in the pro-life movement. Fr. Frank serves as an Advisor to the P.L.Y.C. National Committee
- 8.) The booklet **Foundations of Freedom** by Jay Sekulow and the American Center for Law and Justice
- 9.) Two **Pro-Life Youth Congress** tee shirts- to give to the persons who recruit the most members during **September's Membership Month**
- 10.) **Pro-Life Wrist Bands: Life is Precious** (white) and **Pro-Life** (blue). A public display of the dedication of your members to the pro-life Cause and to your Chapter

We strongly recommend for each chapter to seek a "sponsor" for your **Pro-Life Starter Kit**. The recommended donation for the Starter Kit is a one time donation of \$195. Shipping and Handling is \$9.95.

We accept major credit cards; checks should be made out to: Life Education Fund Pro-Life Youth Congress.

It is our fervent hope that these resources will save you and your team hundreds of hours while dramatically increasing the efficiency and effectiveness of your group. Together we **CAN and WILL** end abortion! Let's all work together to increase our strength and voices for the Innocent Unborn and the Vulnerable as we build a Culture of LIFE!

Sincere best wishes,

*Gregory D. Frank*
